ABOUT THE INSTITUTION

Ushodaya Educational Society, with decades of experience and expertise in running educational Institutes established Geethanjali Institute of Science and Technology in order to provide quality Engineering and Technical Education to the rural and underprivileged lot on par with the creamy layer of society. The College is well connected by road with NH5 at 3 KM and Mumbai State High way at about 500 Meters away. The Institution is approved by AICTE, New Delhi, affiliated to Jawaharlal Nehru Technological University, Ananthapur and is ISO certified (9001:2015). GIST envisages comprehensive development of the faculty and offers qualitative, enduring, enriching, educational experience making it a dynamic hub of academic excellence, vibrant with inventive and innovative practices and teaching-learning strategies.

ABOUT THE DEPARTMENT

The Department of Electrical and Electronics Engineering since its inception in 2008 has consistently brought laurels to the college. We have PG course Power Electronics and Drives started at 2012. Our department has been enriched with well planned & sophisticated laboratories to fulfill our student's educational & industrial needs. The personality development and career awareness of our faculty are continuously monitored and improved by conducting special programs during every year. The department faculty members besides teaching are involved in many activities like continuing education, technical consultancy and research & development and student guidance. We have planned to bring together the eminent personalities in the academic institutions, industries and research organizations to facilitate exchange of innovative ideas in the field of power electronics and power systems engineering.

ABOUT CONFERENCE

The aim of the conference is to bring together leading industrialist, engineers, academicians, scientists, researchers, research scholars and students to exchange their

ideas and share their experience and research topics related to Electrical Engineering. It is also provide opportunity to the participants to present and discuss the most recent innovations, trends, practical changes encounter and the solutions adopted in the field of Electrical Engineering to cater for the needs of the ever growing technological world.

The conference has invited, full length original research contributed and review articles not exceeding seven pages as per IEEE format shall be submitted. The manuscripts should not have been published in any journals/magazines or conference proceedings not under review in any one of the above. The softcopy of the full length manuscripts (.doc formats) shall be submitted to ncitee2k19@gmail.com. All the submitted papers shall be sent for peer review process.
