## Details of ILMS

### Integrated Library Management System (ILMS)

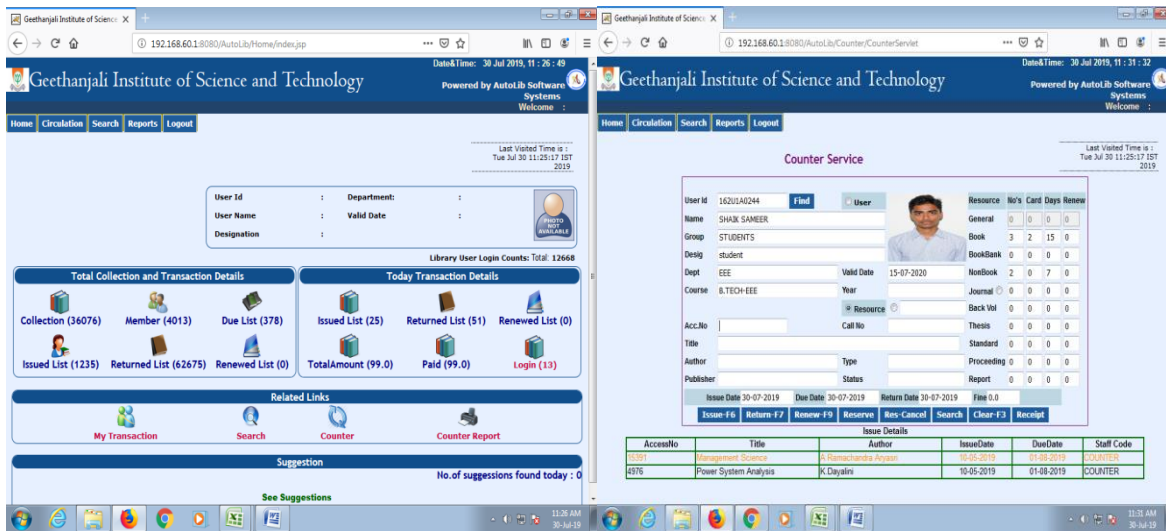

The library is fully automated with Integrated Library Management Software (ILMS) since the academic year 2016-2017, i.e. AutoLib Software designed and developed by AutoLib Software Systems, Chennai. Through the software, the library provides various services and facilities like OPAC, (Multiple Searching), e-gate, circulation, stock verification and preparation of various reports. The users can search the library online catalogue by author's name, title, subject, and other keywords within the campus through LAN. All the Departments are provided with OPAC facility to search books, journals and other reading materials available in the library. All the books, CDs, Projects, back volumes and SC Book Bank Scheme books are accessioned with barcode stickers for automatic scan during the processes of issue and return to the library for the stakeholders.
