

GEETHANJALI INSTITUTE OF SCIENCE & TECHNOLOGY :: NELLORE
Department of Computer Science and Engineering

Date:31-12-2020

Name of the Subject	Software Engineering	Class	II B.Tech II Sem
Faculty Name	V.BHARATHI	AY	2019-2020
Regulation	R15	Batch	2018-2022

Seminar

Introduction:

A seminar is a group meeting where a number of students participate at least as actively as the teacher, although the teacher may be responsible for the design of the group experience, such as choosing topics and assigning tasks to individual students. The seminar method is the most modern and advanced method of teaching. A seminar is an advanced group technique which is usually used in higher education. The skills such as reading, writing and talking are essential for the personality development of a man. The seminar method integrates such skills of reading and writing with presentation skills

Topics:

- Software Development Models
- Software Testing

Objective of the activity:

A seminar may be for the purpose of education, such as a lecture, where the participants engage in the discussion of an academic subject for the aim of gaining a better insight into the subject. Other forms of educational seminars might be held to impart some skills or knowledge to the participants.

Execution Plan:

- Set objectives and Strategies

- The teacher is responsible for the design of the group experience, such as choosing topics and assigning topics to individual students
- Planning the date, location, topic and time
- Seminar Presentation by the students
- Discuss and Questions asking students about the topic

Expected Outcomes:

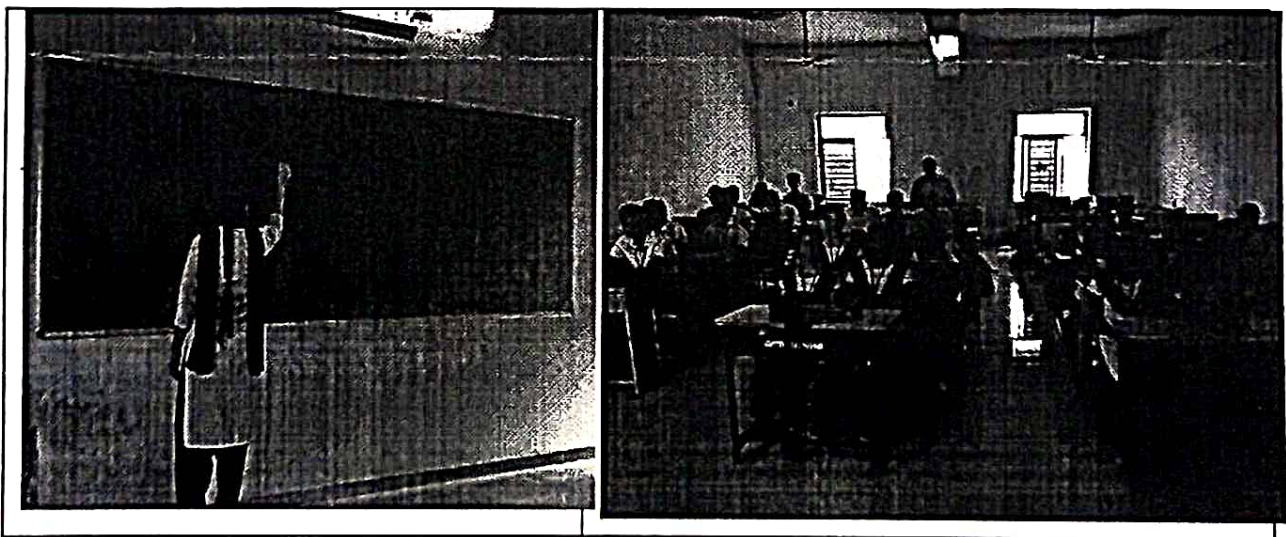

The students can be able to

- Understand the which software development model is best to develop quality product
- Understand the software testing procedures

Enclosures:

Photos while conducting the activity

3. Attached activity photos
4. Participated Students

Important observations

- All the students were not concentrating the PPT while explaining the students.
- There must be good listening skills. Students have to practice more in PPT explaining well to understand to all the students.
